Garage Sale Saturday, April 12th, 9:00 AM—3:00 PM

President's Message

My message this month is going to be brief as I am writing this from my hospital room at Virginia Mason in Seattle. I was admitted Friday 3/21 after 5 days of intermittent G-I bleeding, probably related to a tumor in the small intestine that was partially resected seven years ago. Undergoing tests to find the bleeding site and (hopefully) treat it. I am feeling OK now and it is safer to be in hospital until this is resolved.

Support the Garage Sale Please get involved in the big LIC Garage Sale which will be Saturday, April 12th. Our sale two years ago was a big success thanks to the large quantity of good sale items donated by the membership. Here is a great opportunity to clear out some space in your home, garage or attic. But even if you don't have items to donate, plan to attend the event. There will be lots of vendors with interesting goods, as well as our donated LIC stuff. And food snacks, baked goodies and free coffee.

The Down Key Festival At the March membership meeting we had an excellent video presentation by Rich and Connie Hildahl, informing the membership about this 3-day event. The centerpiece of the Festival will be the presence at our marina of a historic but refurbished ferry which at one time served ports in the South Sound. Events will also be happening at the LIC clubhouse and grounds. There is something for every age and every budget during the weekend. Funds raised will benefit our Scholarship Fund and other LIC programs. Over forty LIC members are working on the details and it looks to be a memorable weekend. Tickets for the gala salmon dinner and auction on Saturday night aboard the ferry are going to go fast as seating capacity on the ferry is limited; so get yours early. Save the dates: May 16-17-18.

**LONGBRANCH IMPROVEMENT CLUB
GENERAL MEETING MINUTES
March 19, 2014**

Meeting called to order at 7:00 PM at the LIC Lobby.

Dock master Lynn Carr: reported that the marina had a visit from the Windseekers and the Fircrest Yacht Club. An anti-skid protection was added to the card reader on the security gate at the Marina. A separate calendar has been added to the LIC Marina website.

Rental Agent Kim Chaney: The LIC Clubhouse was rented to the SCA, the Lakebay Church sponsored Uganda sister church children's choir, and the up and coming LIC garage sale.

Secretary Judy Riggs: It was MSP to accept the Feb 2014 minutes as written.

Treasurer Francie Carr: reported that the Cookbook Committee continues to sell the books and artwork. With the profits they were able to buy a new refrigerator for the kitchen. All permanent moorage tenants have paid either their quarterly moorage or paid in full. The flood insurance for the Club has been cancelled and the club received a refund for 2013. A \$500 cash donation was made to Evergreen Elementary School earmarked for the outdoor camp held at the YMCA.

Events Chair: Tim Heitzeman invites more members to join the Events Committee because they have such a good time! Fingertips will be back to play again for the Memorial Day Dance. And the LIC was very lucky to reserve Kim Archer for the Labor Day Dance this fall. The next big event for the Club is the April 12 Garage Sale.

Membership Chair: Eloise Colbert reports that we have 139 paid memberships with three new ones added this month. Thanks were given to the General Meeting hosts Anne Dearing and Connie Wick.

Grounds and building Chair: The flag pole has to be replaced. We need a 50' to 60' pole if anyone has a lead on one. The septic tank area and drain field have had 15 more tons of three man rocks placed along it for protection. Next weekend there is a Clubhouse and grounds work party scheduled. Bring your tools for inside and outside work.

Marina Chair Denny Pritchard reported That about 5 more volunteers are needed for the Dock Breakfast. Also the LIC use of bags of ice has out grown our local source and instead we will be going to Key Center this year.

Trustee at Large: Phil Johnson had nothing to report this month.

The Sunshine Report: had nothing to report this month.

Newsletter: Nancy Carr asks that submissions for the newsletter be sent to her by the 25th off the month.

Historian: Lynn Larsen has a plastic tub inside the office on top of the file cabinets for all donations for the LIC history or you can call her.

Vice President: Clark Van Bogart had nothing to report this month.

President: Gayle Brewer reported that Larry Bingham has volunteered to be the LIC representative to attend the monthly meeting of the Key Peninsula Community Council.

Peg Bingham reports that the new refrigerator is working well. It is quieter than the last one, and can even be turned off for meetings. Also it can be turned off in between rentals thereby saving money on running expenses. Peg asks that members take home left over food after the meetings, as it just gets thrown out.

General Meeting Minutes March 19, 2014

(continued from page 2)

Jan Pritchard reports that the spaces inside the building have all been rented for the LIC Garage Sale. There are still spaces outside available. She could use a few more volunteers to work the day of the sale where there will be two shifts 8:30 -12:00 and 12:00 to 4:00.

Donated items can be dropped off at the Clubhouse Thurs. or Fri. 12:00 to 4:00 PM before the Sat. sale. Or if you need someone to come and pick up items you can call the Pritchards.

Connie and Rich Hildahl gave an update on the LIC fundraiser plans for the May 16-18 Down Key Festival fundraiser. Rich had a slide show with historic photos of the area and the boats that use to provide work and transportation for the residents of the Key Peninsula. A full schedule of activities and events planned for the weekend was presented to the membership. It was MSP to approve funds for this festival.

The meeting was adjourned at 8:30.

Respectfully submitted by Judy Riggs
LIC Secretary

DID YOU KNOW?

Did you know that 42 years ago this month the very first formal meeting of the Key Peninsula Historical Society (KPHS) took place in the fellowship hall of the Longbranch Community Church. That meeting took place on April 27, 1972. Eventually the KPHS meeting location began rotating between the Key Peninsula Civic Center in Vaughn and the Longbranch Committee Church. In 1995 the KPHS got a more permanent home when its associated museum opened in the former Pierce County Library room at the Civic Center. Since that time, individuals from all over the Key have put in thousands of volunteer hours to help the KPHS preserve and display the amazing history of this peninsula.

The fund raising event held at the El Sombrero Mexican Restaurant on Monday, March 10, was another community-wide effort to help the KPHS with its important mission. On that night, from 5-9 pm, Pablo and Cathy De La Cruz contributed 10% of the till from both the dining room and the bar to the Historical Society. The event was planned as a way to acquire the funds needed to match a \$250 challenge grant given by a member of the community. The hope was that the 10% contribution would raise the money needed to match that grant, which would be quite an accomplishment, since Monday is not a big dining out night. But, in the end, thanks to an amazing response from people all over the peninsula, the 10% contribution raised \$300, and an additional \$190 in donations were given by people at the restaurant or in lieu of not being able to make the event.

A great big thank you goes out to the LIC members that participated. During the 5:00 to 7:00 pm time frame, LIC faces made up the single largest contingent present. It was a fun night, with amazing community participation. And although we may have overwhelmed them a little bit, it was clearly a good night for the restaurant too.

By the way, make sure to take the time to stop by the KPHS museum in order to take a look at the newly created *Forest To Farm* exhibit.

QUIET!!!

Oh, how quiet is the new refer in the LIC clubhouse kitchen. Courtesy of the Cookbook Committee, there now resides in the kitchen a beautiful, QUIET, new refrigerator. It is the same brand and looks the same as the old one it replaced, but in addition to less noise when operating, it is an "energy efficient" model, with wheels to facilitate moving it to clean under and around it. The old refer was on legs and it is doubtful the area it occupied had ever been cleaned. If empty for an extended period of time the new refer can be unplugged until the next time it is needed, which, along with being energy efficient will undoubtedly help the power bill. It takes only 2 – 3 hours to reach correct temperature when re-plugged. A nice addition to our kitchen that did not come from the club budget. A big thank you to the Cookbook Committee for all their hard work.

Peg Bingham
